An advanced Christmas celebration onboard Jebsen PTC's MCC Palawan and Batanes

Jebsen PTC salutes the dedication and sacrifices of its global maritime professionals (GMP) who continue to serve at sea, away from their loved ones at home, to ensure that essential goods and supplies are delivered to their destinations, especially during this very busy holiday season.

To help Jebsen PTC GMPs conquer the Christmas blues at sea, the team of General Charterer, Inc. (GCI), a Jebsen PTC company, paid a visit to MCC Batanes and MCC Palawan to celebrate Christmas with the crew on board. The GCI team also took the opportunity to give recognition to their Loyalty Awardees who were given tokens and plaques of recognition for their invaluable contribution and commitment to the company over the past years. One of the awardees is Bosun Edwin Bato whose 20 years of outstanding service show how the loyalty and commitment of Jebsen PTC's people form the true backbone of the company.
