CAE Philippines visits student pilots of First Aviation Academy

Representatives of CAE Philippines visited the training facility of First Aviation Academy on 17 August 2022 at Subic International Airport. CAE is one of the biggest pilot training companies and has flight and simulator training centers all over the world. Its flight simulator training center in the Philippines is located at the Clark Freeport Zone in Pampanga. During the visit, the CAE representatives conducted an ocular of the world-class training facility of First Aviation Academy and also oriented cadets on its A320 and ATR-72 type-rating programs.

The ATPT program of First Aviation Academy prepares cadets for further type-rating as it includes flying on a training aircraft equipped with a Garmin 1000 glass cockpit, twin-engine training as well as Jet Orientation Training and Multi Crew Cooperation using its Redbird Citation Mustang Simulator.

From L to R: Marian Parial, FAAI Operations Manager; Capt. Pat Moran, FAAI Head of Training; Capt. Errol Gerona, FAAI Chief Flight Instructor; Ms. Shraddha Edla, CAE Senior Sales Representative; Capt. Raffy Locson, CAE Head of Training; Harold Wylengco, CAE Scheduler; Krystel Serrano, CAE Customer Service; and Mr. Shuwari Shahril, CAE B2C Sales & Marketing Manager (APAC).
