## *Developing the next generation of global Filipino professionals with FEU and PTC*

The PTC Group, through the efforts of its Talent Acquisition (TA) team, participated in Far Eastern University's (FEU) Online Mock Interview with Coaching (OMIC) session to help prepare graduating FEU students for global careers on land, air, and sea. The activity was conducted virtually on August 22 and 24.

"Since our team at PTC Aviation does our usual Landing the Job module with Mock Interview for our trainees, the OMIC event was a perfect fit for our team," shared Ms. Monique V. Calo, Sales & Operations Manager of PTC Aviation Training Center.

"The students were nervous and intimidated at the beginning of the mock interview," continued Ms. Calo. "But as soon as the interview was over, they all eased up and were open to constructive criticism. They were all eager to learn and started to bond with the coaches even with the short time that we had with them. It was our pleasure to be a part of initiatives like this to be able to help develop the next generation of Filipino aviation professionals."

Mr. Karlo Rosin, Human Resources Officer of Constellation Travels, Inc., also shared how he enjoyed being part of the event. "Coaching and sharing interview tips with students are very fun and rewarding! Also, being able to introduce Constellation Travels Inc. to students will help us increase their interest in joining our company in the future."
