PHILCAMSAT celebrates 30 years of transforming seafarers to global maritime professionals

The Philippine Center for Advanced Maritime Simulation and Training, Inc. (PHILCAMSAT) marked its 30th anniversary on May 26, 2022, with a thanksgiving mass celebrated online by Fr. Vic Apacible of the National Shrine of the Sacred Heart of Jesus.

30 Years

"PHILCAMSAT has a vision to transform seafarers into global maritime professionals. It is a goal that speaks volumes of the PTC Group's desire to ensure that we are not only helping to provide jobs, but we are in fact building long-term careers...careers that carry with them significant meaning and purpose," said PTC CEO Gerardo Borromeo during the anniversary celebration.

"PHILCAMSAT has laid the groundwork over the last 30 years to provide a transformative platform. As we look ahead to the next 30 years and beyond, we need to make sure that we have an equal ability to lead seafarers towards a future that will be more complex and more demanding. But we should not worry as PHILCAMSAT has the ability to teach, guide, mentor, and transform."

To celebrate the occasion, PHILCAMSAT prepared afternoon snacks for the PTC Group community at its head office in First Maritime Place and at the Jebesen PTC office in Pilgrim Building, Legaspi Village. More activities and initiatives honoring the 30-year legacy of PHILCAMSAT are scheduled within the year.
