PTC-CSJ partner schools celebrate Reading Festival

PTC-CSJ Foundation's 12 partner schools in Muntinlupa City celebrated National Reading Month through a one-day Reading Festival with young learners from Kinder to Grade 3.

The annual Reading Festival aims to encourage the love of reading among students through various activities such as storytelling and poem recitals to “expand learners’ vocabulary, enhance accurate word usage and develop skills in oral language and expressive mechanisms (voice and bodily expressions).”

At Lakeview Integrated School, the Reading Fest theme was “Book Character Day” whereby learners happily donned costumes of their favorite characters. The Department of Education has declared November as National Reading Month.

The annual Reading Festival is part of PTC-CSJ Foundation's Growing Good to Great Kids or 3G Program which is implemented in partnership with Synergeia Foundation and 12 public elementary schools in Muntinlupa City.
